ECOLOMONDO

ENVIRONMENTAL POLICY

CORPORATE RESPONSIBILITY

ecolomondo.com

Ecolomondo has developed a green technology that recycles hydrocarbon waste into renewable commodity products.

We market on a global scale turnkey facility, based on this proprietary technology platform (Thermal Decomposition Process - TDP). This technology addresses growing environmental concerns and offers a sustainable method for the treatment of hydrocarbon waste.

Ecolomondo has remained committed to the environment and consequently the sustainability of our planet. We achieve this responsibility through our triple bottom line approach to business focusing on people, planet, and profit.

ECOLOMONDO'S VISION AND CORE VALUES ARE REFLECTIVE OF ITS COMMITMENTS TO:

Comply with applicable environmental legal regulation and voluntarily execute any proactive policy endorsed by our Board of Directors even if not regulated.

Focus on our environmental performance through:

- our commitment to continuously improve our technology and performance
- reviewing and updating the Thermal Decomposition Process (TDP) and ensuring all improvements are offered to present or future clients; and
- establishing, achieving, and monitoring environmental programs that improve our environmental footprint that help to lead to a sustainable planet.

Strive to prevent pollution and address the causes of climate change using standards, procedures or other controls that minimize:

- energy consumption and greenhouse gas emissions.
- waste by encouraging recycling.
- and the need to landfill and burn waste.

Partner with responsible suppliers by:

- considering a supplier that has adopted a green environmental policy for awarding contracts; and
- considering a supplier's environmental and safety records before awarding contracts.

We are a cleantech company and, by our very nature, we are committed to respect all above statements.

Our immediate and long-term goals are to improve the sustainability of our environment and planet.

Approved and adopted by Ecolomondo's Board of Directors
